We will not be able to destroy the agreement (disposal suspension and records retention issues). I will mark it as void and keep it in our files.

Dear Valerie,

thank you for your e-mail of Nov 21, 2003. The amendment for PA 7, sent to us on Nov 17, 2003 by Mrs Bristow Venable-Waple has already been signed and returned to her by regular post on Nov 18. Despite this, I would suggest to destroy it up arrival and send us a revised amendment (now containing 135 samples). As suggested by Shixia Feng, I shall replace our original invoice on \$ 67500 for 135 samples by two separate invoices on \$ 60000 for 120 samples and \$ 7500 for 15 samples. Both invoices will be dated "Nov 10, 2003". The invoices will be send to you beginning next week. I hope that you will agree on this procedure. Otherwise, please let me know.

Best regards

Gerhard Scherer

Dear Dr. Scherer:

In light of our need to further amend this project agreement to account for the additional samples (please see Shixia Feng's e-mail of 11/20/03 to you), we would propose that if you have not signed the amendment sent to your attention below, that you please hold off doing so. We would revise this amendment to include the additional needed changes and send a revised amendment to you for execution. Please advise if this approach is acceptable to you.

Kind regards,
Valerie
